

Learning how to learn is one of the greatest gifts a dyslexic child can receive

Orton-Gillingham is the Approach of Choice to teach a Dyslexic Child

After a 3 year absence, Ron Yoshimoto is back!

Book your slot early to avoid disappointment

Orton-Gillingham Approach has been in use since 1930's to treat dyslexia. Thousands of professionals and educators cannot be wrong!

Be trained by an Accredited Fellow of the Academy of Orton-Gillingham Practitioners and Educators.

Testimonial from a past participant, Inez :

"This course has given me so many practical steps and material to help my child. It has enhanced my confidence in knowing that I'm using a tried and tested method. The trainer, Mr Ron, is awesome! Really appreciate his dedication and care to equip us."

Yoshimoto Orton-Gillingham Approach

An accredited International Dyslexia Association professional training course targeted at teachers, allied educators and parents. It is hands-on with lots of practice, and teaching materials provided.

Topics covered include the following :

- * Identify children with dyslexia or literacy issues
- * Sound-symbol relationship
- * Syllable types and division
- * Spelling rules
- * Handwriting

- * Informal assessment
- * Plan and carry out lessons using the OG Approach
- * Incorporate language into lesson
- * Understand biological and neurological underpinnings of Dyslexia
